

To Whom It May Concern,

Thank you for taking the time to consider sponsoring Seminole Junior Anglers, a local high school fishing club. Seminole Junior Anglers fish in the B.A.S.S. Nation High School Fishing tournaments. These tournaments consist of approximately 300 anglers and their captains along with the families and friends who come out to watch the live-streamed tournament weigh-ins.

Seminole Junior Anglers has received Club of the Year for two consecutive years and we are on a mission to win this honor again during the 2023 - 2024 fishing season. The anglers will fish 16 tournaments over 8 weekends throughout the state of Florida and into southern Georgia.

Funds received from sponsors help provide uniforms, offset the cost of tournaments, and expenses not covered by the parents, and from fundraising efforts. Your support is greatly appreciated by all the anglers and volunteers who make this organization succeed in providing a healthy and constructive activity for our high school youth.

Please review the attached sponsorship flyer to view the different levels offered for this upcoming season. Also, visit our website, www.seminolejunioranglers.org, for more information on our youth angler fishing club.

We appreciate your generosity and support for our young anglers. Seminole Junior Anglers is a non-profit organization (tax id# 85-8017621789C-2).

Any questions or concerns can be directed to Troy Bennett, Director of Seminole Junior Anglers at seminolejunioranglers@gmail.com.
